

ATTENTION PICKENS COUNTY PATRIOTS!

WE THE PEOPLE, FOR THE PEOPLE

We are NOT the typical “old guard” Republican Party anymore!

In 2021, there was a massive influx of fed-up, average America-First citizens that showed up at the Pickens County Republican Party’s Re-Org and voted out many of the RINO establishment – giving the PCRPP back to The People. We are here to support conservative values, constitutional liberties, the Republican Platform, and the United States Constitution. We are also here to aggressively pursue the America-First agenda on the local level.

It's time to be done with yelling at the TV news and take action! We need change, and it starts with the Republican Party, locally and statewide.

Join us in supporting our mission:

- Purge the RINO Establishment Elites from local & state offices
- Pro-life & pro-children
- Closing the primaries
- Hold elected officials accountable
- Limited and constitutional government
- True conservative leadership
- Pro-2nd Amendment
- Ethics reform/recall legislation
- SC judicial reform
- Fix the roads/hold the DOT accountable
- Income tax reform
- Pro-education choice: for REAL school choice
- Traditional values & personal responsibility
